Germans hold one of the largest heritage groups in the US. German is easy to learn for English speakers because it comes from the same roots. Come and learn words, phrases in a fun way! Instructor: Mr. Seth Sargent; Gr K-2; Max 12 students
Wed PM	STORY WALK SERVICE CLUB, Gr. 4-6, 4:40-5:30pm. Can you exercise and read at the same time? Thanks to StoryWalk™, the answer is yes! Combining physical activity and literacy may seem like an odd mix, but StoryWalk™ has taken off locally and across New England. Pages from a book are posted at stations along your route. As you walk, you are directed to the next page in the story. Help build a Story Walk from the school to the library! We'll start by looking at Story Walk projects in VT and NH, then choose (or write) a story for our own Story Walk. We will write to Town authorities to get permission to build the walk, map the locations along the path for each section of the story, then make a list of materials needed. In quarter 4, we will gather and prepare materials, plan a work day to install the Story Walk, and finish with a public "grand opening." In partnership with Madison Library. Mary Cronin, Advisor.
Wed PM	4-H Science and Tech Explorers: Gr. 4-6, 4:00-5:30; Explore, Create, Invent & Investigate. Are you into Science & Technology? Did you ever wonder how a robot can "see" where it is going? Or how to build a robot arm to pick up objects? Come and be part of Science & Tech Explorers. We will be using LEGO NXT Mindstorms and other materials to build and program robots and other contraptions while having fun and learning as we invent the future. Parents are encouraged to join us. This program has limited openings for Madison, Tamworth and Freedom students. Madison students may attend Homework club 3:30-4:00pm. Sign up on this form and then call the 4-H Office at UNH Coop. Extension 447-3834 to register.
Thu PM	Jr. MAD SCIENCE CLUB, Gr K-2, Thu, 4:40-5:30. Hands-on science & engineering projects! Marble runs, bridge building, spinning tops and more. Are you a kid who loves to ask "Dude, what would happen if....."? This is for YOU! This program is a partnership with Carroll Co 4-H and the National Partnership for After School Science. Instructors: Ms. Maggie Finn. Max: 12 students.
Thu PM	Intermediate Study Hall, Gr 4-6, Thu, 4:40-5:30pm. Catch up on this week's homework that is due Friday. Madison Mustangs are responsible students who like to get their work done on time. Here is some extra time to get help completing homework. Advisor: Mrs. Jamie Buck. Max 15 students.
Thu PM	LEGO Club: Gr K-4, Thu 4:40-5:30pm. Get creative and build with LEGOs. A new challenge and theme each week. Patterns, vehicles, buildings, beings. Plan, build, share. This often fills fast! Program Instructor: Ms. Mary Jeanne Luckey; Max: 15 students

Fri PM	DRAWING CLUB, Gr K-4, 4:40-5:30pm. Do you love to create sketches, doodles, drawings, designs, illustrations, comic strips, pictures, graphics? Come and explore many different ways to draw. Creativity and innovation are important skills to develop for 21 st century learners. All artists of all abilities are welcome. Instructor: Mary-Jeanne Luckey, Max: 15 students.
Fri PM	JUNIOR PUBLISHERS CLUB, GR 4 -6, 4:40-5:30pm. What does it mean to “publish”? To prepare and produce material in printed or electronic form for distribution and, usually, sale. We will explore different means of publishing; print, electronic, and web based. Each student will be directly involved with writing, photography and graphic design of a portion of each project. We plan to create a DVD, a newspaper /newsletter and a website. Each project will be student driven and based on their interests such as comics, sports, entertainment, science, etc. No previous experience is necessary, just a willingness to learn and have fun! Enrichment Instructors: Mrs. Hawkins and Mr. Dunker-Bendigo. Max: 15 students.
